Sequoits Play Rams At Grayslake Friday; Lose to Ela 70 to 65

Grant to Play Ela-Vernon On Antioch Court Tomorrow Night

Antioch High with an earlier victory over Grayslake will play return game with the Rams at Grayslake tomorrow evening.

A battle is expected for Grayslake has improved since her defeat on the Sequoit court and has lost her games by just a few points from the top ranking teams of the conference.

Friday the 13th proved an unlucky day for Antioch for the Sequoits lost to the Ela-Vernon Bears there, 70 to 65 last Friday.

It was at the foul line that Antioch proved weak. The Sequoits got 27 field goals to the Bears' 26, but only made 11 of the 23 attempts at field goals.

The second quarter was the bad one for Antioch. The local boys held Ela to a tie in both the first and third quarters and bettered them by two points in the final quarter, but trailed them by 7 points in the second quarter.

Coach Larry Leon was quite pleased with their playing, however, and were it not for a bad night at the foul line there would have been an Antioch victory.

Grant Plays Ela Here

Because the Grant High school gymnasium isn't completed the Bulldogs will play Ela-Vernon on the Antioch floor tomorrow night.

The game between Antioch and Grant has been postponed to Jan. 31 when the Ingleside gymnasium is expected to be ready for use.

Ela made 55 per cent of her shots and Antioch 49 per cent.

The Antioch High school freshman team defeated Ela-Vernon at Lake Zurich Saturday morning 40 to 25. High point men for Antioch were Leroy Gallagher 14, James Oilschlager, 9, and Richard Behrens, 8. The underclassmen more than averaged the defeat of the varsity.

Four Hurt in Car Crash On Grass Lake Road; One Driver Arrested

Four persons were injured when the car of Samuel Lanka, 63, of Indian Point, crashed into the rear of the car of Melvin P. Reichard, 40, of Petite Lake at Grass Lake rd. near Hillside ave. Friday night.

Reichard said he was about to make a turn when he saw the car coming from behind at a high rate of speed and he speeded up to avoid the crash but was unable to do so. He received back and neck injuries; his wife, Virginia, 38, back and leg injuries, and the son, Paul, 3, head injuries. A two-month-old baby was not hurt.

Lanka suffered a broken knee and forehead cuts, and was taken to a physician by the Antioch Rescue squad. He was later arrested by sheriff's deputies who charged him with drunken driving, reckless driving, and driving without a license.

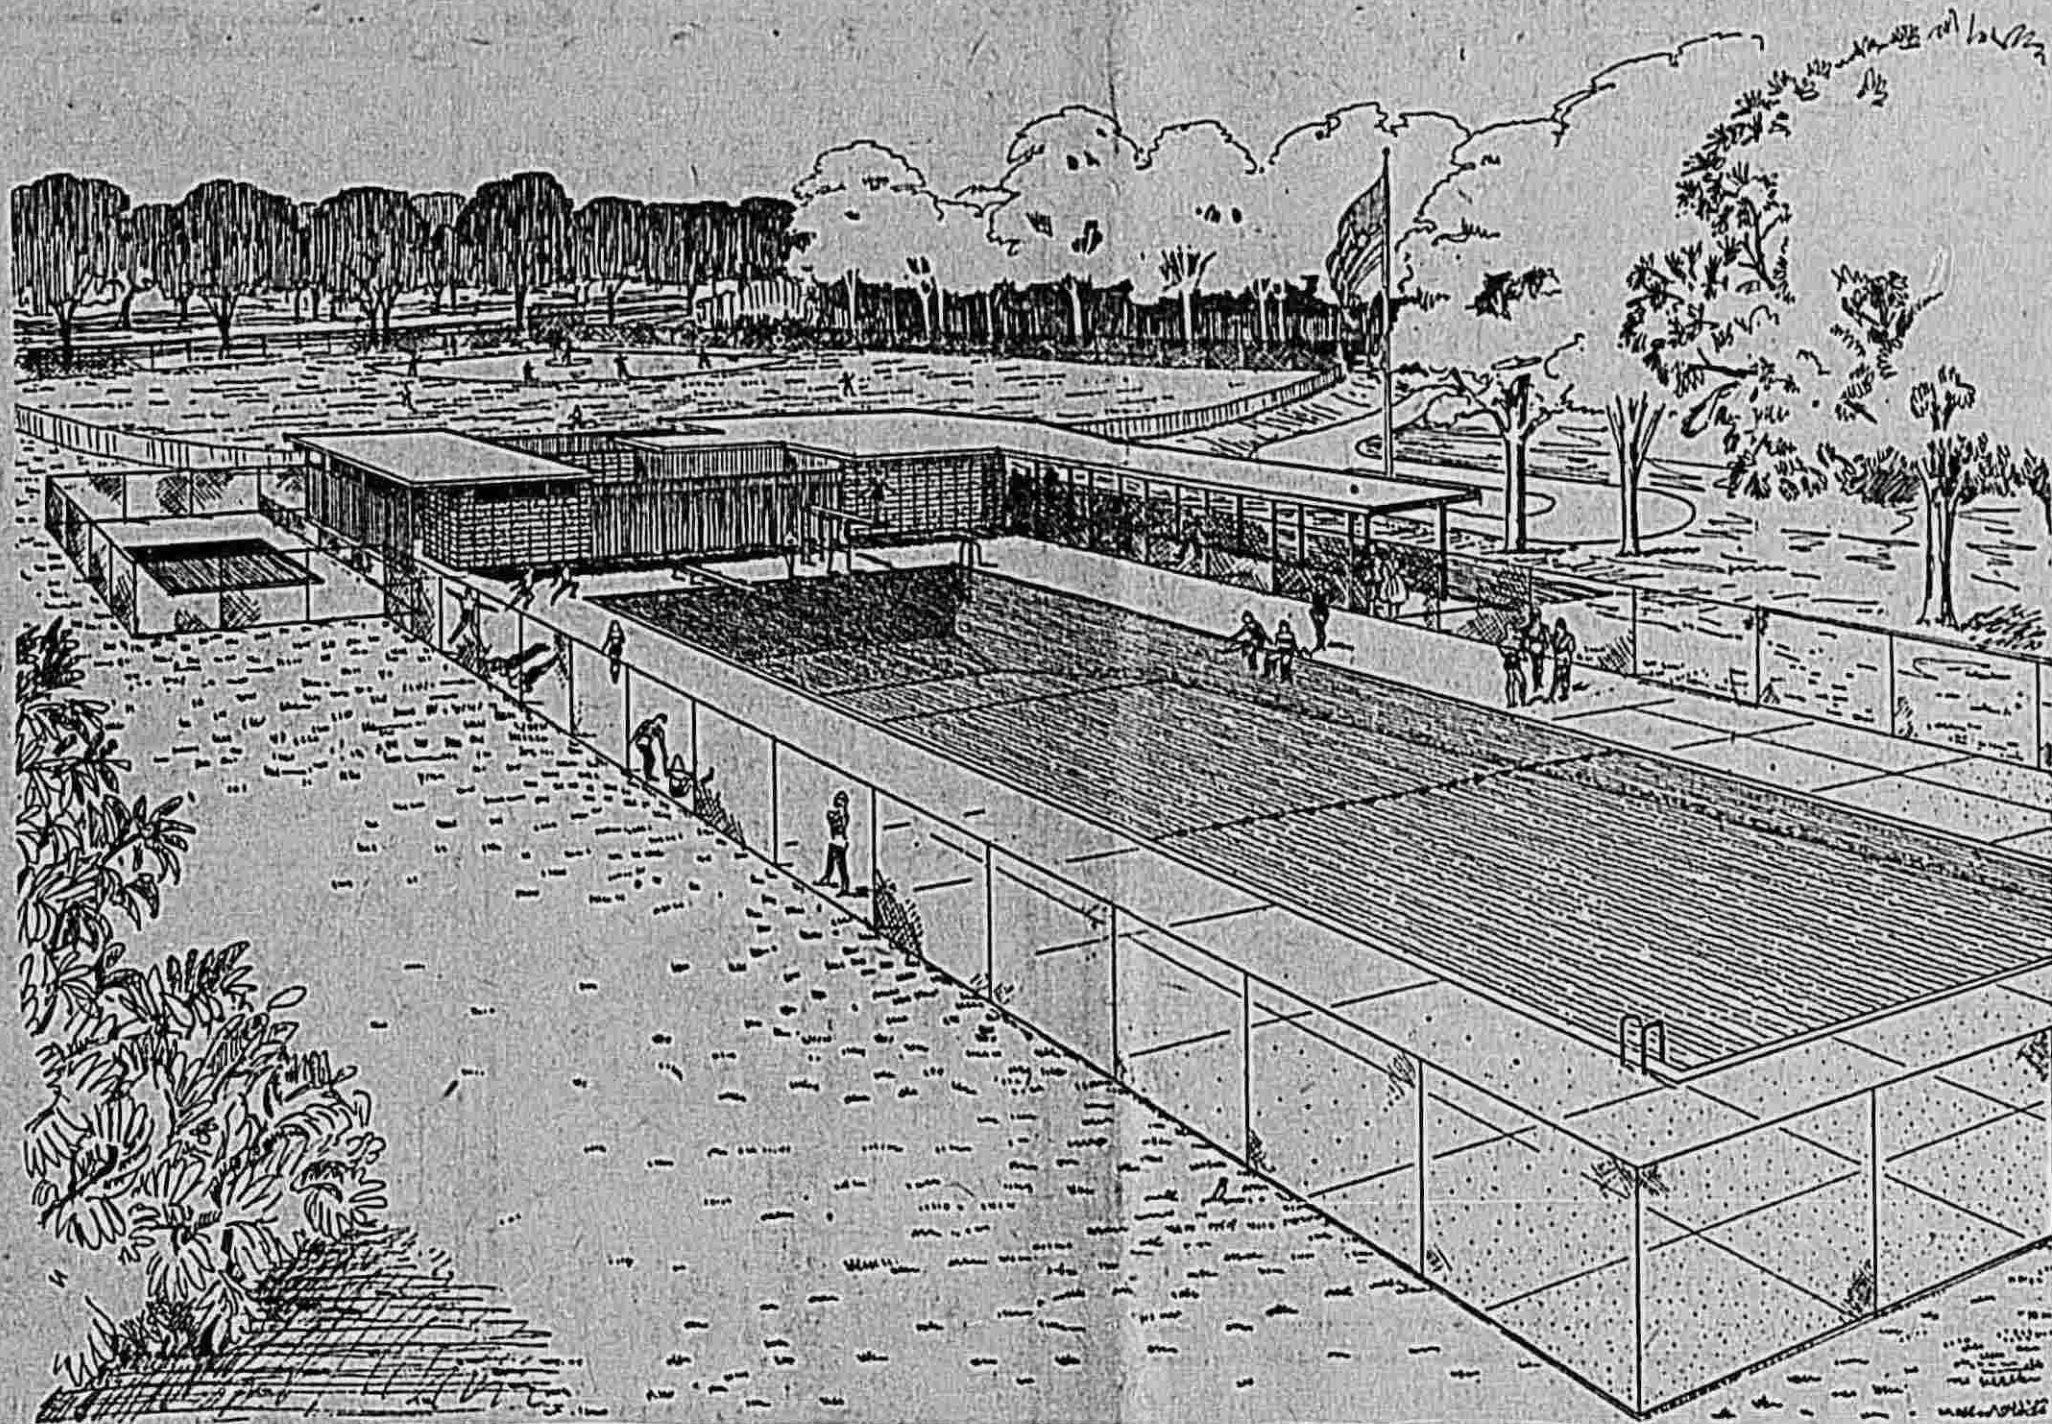

Men Took Over Monday At Grass Lake P.T.A.

Ed Cooney of the Izaak Walton League showed movies on the Quetico Superior Region and talked on the preservation of forests and lake-ways in the northlands at the Grass Lake school P. T. A. Men's Night Monday.

Brownie Troop 11 conducted flag ceremonies, and a skating party was announced by the Scout Home group to be held from 2 to 5 p. m. Saturday, Feb. 18, at the Twin Lakes rink.

The men served a fish fry at the close of the meeting. Acting officers for the evening were George Pierce, president; Gordon Pierce, vice president; George Mazzuca, secretary; and James Ferrier, treasurer.

Architect's View of New Swimming Pool for Antioch

Grade School P.T.A. Will Aid in Sale of Swimming Pool Bonds

The Antioch Grade School P. T. A. will lend its efforts to promoting the new Antioch Aqua Center. At a meeting Monday evening the organization appointed a committee comprising Mrs. Donald Francisco, chairman; Mrs. Alfred Young, Mrs. James Kopriva, Mrs. Harold Young and Supt. Richard Whitacre, to help with the sale of bonds.

The meeting was addressed by Dr. James Kopriva and Ted Larson who explained plans for the aqua center which will cost \$70,000. The goal is for completion by June 1. Bonds will be in \$100 denominations and will bear interest at 4 per cent. They will be retired in 20 years. The proposed budget was explained.

Adding to the interest of the meeting was a talk by Assist. State's Atty. Charles Mason of Waukegan, who told of the honored place President Lincoln has in the eyes of all mankind. He related little known facts about Lincoln's life.

Mrs. Raymond Kolar presented a check for \$500 to the P. T. A. as proceeds from the spaghetti dinner held in December.

After the meeting refreshments were served in the cafeteria by the fourth grade room mothers, Mesdames Lee Ipsen, Harry Behrens and Robert Radke, assisted by Mesdames Raymond Kolar and Charles Miller.

The next meeting of the P. T. A. will be on Monday, Feb. 20 at 8 p. m. It will be Fathers Night.

Lions Will Entertain Ladies Monday Night At Glen Flora Club

The Antioch Lions club will observe their annual Ladies Night Monday with a dinner meeting at the Glen Flora Country Club on North Sheridan rd. in Waukegan.

Music for dancing will be played by Art Smejkal's six piece orchestra. Professional entertainment before and during the dinner will include the Eddie Rice Trio, Priscilla Holbrook and the electric organ, and Julie Dawn, vocalist. There will be a special act during orchestra intermissions.

In charge of the event are Homer LaPlant, chairman; Walter Delaney, and Loren D. Sexauer.

Robert Heath, a teacher in the Antioch High school attended the funeral of his great grandmother, Mrs. Catherine Doner in Rochelle, Ill., last Thursday. He was accompanied by his family.

McMillen's Singing of "Little Black Sheep" Brings Home Mutton

Mayor James McMillen thinks that as an avocation he might have made more money singing than wrestling.

His rendition of "The Black Sheep" over WKRS in the Poliothon Saturday brought in \$98 from the Antioch area.

McMillen's solo was a part of a program in which former governor Adlai Stevenson participated and continued throughout the day over the Waukegan radio station. The total contribution to the polio fund telephoned in was \$8,224.50.

"The Black Sheep" was a touching ballad of McMillen's boyhood days. In fact it touched not only the hearts of his listeners but their pocketbooks as well, as shown by the liberal contributions.

Chairman Mrs. Norman Jedeled said the polio fund campaign is progressing satisfactorily in the Antioch area and she is getting good co-operation.

New C. of C. Officers Take Up Duties; Plan Lakes Fishing Derby

New officers of the Antioch Chamber of Commerce assumed their duties following a meeting of the directors Monday evening.

Their first action was to appoint Charles Cermak, Harold Olsen, William Brook and Harry Nelson as a committee to plan and conduct a fishing derby in nearby lakes. Under this plan fish are tagged and persons catching a tagged fish will receive a prize of merchandise.

The chamber has given up the plan to operate a booth at the Sports Show in Chicago because of lack of funds. The recent boy-girl basketball game didn't provide the profit that would finance the Sports Show project.

Many of the resort owners were uninterested in helping finance it, saying they had all the business they could handle without advertising for more.

The new officers of the chamber are Joseph Patrovsky, president; Roger Drije, vice president; Harry Nelson, treasurer; and O. I. Onstad, executive secretary. Harold Olsen, E. J. Sletten, Lee Hinterlong, George Borovicka (past president) and William Lahti are directors.

Parents of Daughter

Mr. and Mrs. Richard Radke are the parents of a baby daughter born Jan. 12 at the Conell Memorial hospital at Libertyville.

Dairy Farmers to Hold Annual Dist. Meeting At Wauconda Saturday

Dairy farmers from Lake and surrounding counties will hold the annual meeting of their District 7 of the Pure Milk Association in the Wauconda High school beginning at 11 a. m. on Saturday, January 21. Around 650 farmers from District 7 will elect officers and hear reports on the operation of their association during the past year.

The Pure Milk Association, which is made up of 15,000 dairy farmers in Wisconsin, Illinois, Indiana, and Michigan, operates 15 milk plants and supplies Chicago with 85 per cent of its fluid milk requirements.

At the meeting on Saturday A. L. McWilliams, general manager of Pure Milk Association will report on recent developments in the Chicago land milk marketing picture. He will review what the Association has done in the past year and what the outlook is for 1956.

Walter E. Winn, president of the Association and a dairy farmer from Richmond, Ill., will review the problems of dairy farmers in the national scene. Winn is first vice-president of the National Milk Producers Federation, an organization of dairy cooperatives, which is concerned with national legislations and governmental policies.

During the business meeting an election of officers will be held. Avery Vose of Antioch is presently serving in the first year of a two-year term on the Association's 17-man board of directors. He represents his district on the board.

Currently serving as officers of the district are Martin C. Meyer of Route 2, Palatine, president; Robert Paddock of Route 1, Round Lake, vice-president; James Curran of Route 4, McHenry, secretary; and Saverio Hertel of Route 1, Grayslake, treasurer.

Chet Faulkner of Gurnee is a member of the Association's redistricting committee and Earl Kane, Jr., of Route 1, Mundelein, is a member of the resolutions committee.

Antioch Girl Injured In Automobile Collision

Patricia Richardson, 15, of Rte. 173 suffered forehead cuts when the car in which she was riding with Powell Turner of Druce Lake Farms, Grayslake, was struck by a car driven by Michael McKinney of Antioch at 6:45 p. m. Sunday on Rte. 173 west of Tiffany rd.

McKinney lost control of his car after it went over the shoulder and drove in the path of the oncoming car of Turner.

First aid was given by the Antioch Rescue squad.

Todd Maplethorpe Hurt Fighting House Fire; Many Grass Fire Calls

Assist. Fire Chief Charles Maplethorpe is still walking with difficulty as the result of sprains to his heels suffered when he dropped 15 feet to the ground from a roof at the Joseph Samhan residence on Main street where he and other firemen were fighting a chimney blaze.

Maplethorpe slipped on the wet roof and fell, alighting on a ladder with such force that he snapped it in two.

He was taken to a physician who treated the feet and a sprained wrist.

The fire damage at the Samhan residence was slight. Other calls for the fire department, according to Clerk Clarence Shultis were: A \$50 damage to a storage barn at the Larry Bever property, Channel Lake Bluffs at 2:15 p. m. Sunday.

Grass fires at noon Saturday at Orchard Inn, Rte. 21, and at Antioch Hills at 3:25 p. m.

Grass fires at 7:30 p. m. Friday at Klondike Point, Grass Lake rd. and at 12:15 p. m. the same day at Petite Lake Highlands.

Grass fires at 12:50 p. m. Thursday on Rte. 173 opposite the Hunter garage, and at 1:25 p. m. on Grass Lake rd. between Rtes 21 and 59.

Miss Josie W. Mann Of Millburn Dies

Miss Josie W. Mann, 76, of Wadsworth road, a resident of the Millburn area since 1891, died at noon Sunday in Lake County General hospital where she had been a patient a month. Her illness extended over a year.

Funeral services were held at 2 p. m. Tuesday at the Peterson Funeral Home in Waukegan. Burial was in Hickory Union cemetery north of Hickory Corners.

Surviving Miss Mann are a brother, Harvey Mann of Waukegan and several nieces and nephews.

Dittman Attends Area Conference Meeting

As one of the officials, Principal A. L. Dittman yesterday attended a meeting of the Association of Suburban Conference at the Palmer House in Chicago yesterday.

At this meeting T. R. Birkhead, former Antioch principal, now head of a Chicago suburban high school reported on the re-alignment recommendations.

The Northeast Illinois Conference in which Round Lake and North Chicago are members, applied for membership in the association. The theme of the conference was "Juvenile Delinquency" and speeches by Sheriff Joseph D. Lohman of Cook county, Charles H. Shireman of Hyde Park, and Dr. Robert Havighurst of the University of Chicago discussed various phases of the problem.

\$70,000 In Bonds To Finance Pool Will Be Offered

Lions Club Promoted Project

Swimming Pool at Williams Park to Be Ready By June 1

Kickoff in the sale of \$70,000 in bonds to finance construction of a swimming pool for Antioch township will take place in a meeting of local salespeople to be held Friday evening, Jan. 27 at the Rescue Squad headquarters.

Teams of members of the Lions club which is promoting the project, and representatives of other local organizations will receive final instructions at that time before starting their sale of bonds.

An estimated 4,300 brochures picturing the proposed Aqua-Center, giving estimated costs of construction, and a proposed budget of anticipated receipts and expenditures were mailed out today to residents of the township.

Situated in Williams Park The Antioch Township Aqua-Center will be situated in Williams park, a village-owned park on North Main st. and will be located just north of the present Little League baseball grounds.

It will have a swimming pool 100 by 35 feet in dimension with a depth of from 3 feet 3 inches to 10 feet. In addition there will be a 12 x 24 foot wading pool for the small children.

There will be dressing rooms, showers, and toilets. Entrance will be past a ticket office and basket check room.

A concrete apron will surround the pool and there will be a covered area for spectators.

While the exact cost of the project cannot be established until contractors' bids are received, an intensive study with engineers indicates that the pool can be constructed for \$70,000.

A breakdown of this figure in costs calls for the following:

Construction of pool which includes filtration equipment, \$38,275; bathroom which includes dressing rooms, toilets, shower rooms, basket room, and ticket office, \$18,725; wading pool, \$3,000; miscellaneous (Continued on page 5)

Tighter Enforcement Of Traffic Laws Is Plan of State Police

Springfield—Tighter enforcement of Illinois traffic laws; stiffer fines for violators; revocation, cancellation or suspension of licenses of drivers convicted of repeated law violation, the whole to be kept up until a marked reduction of the motor vehicle crash rate has been achieved.

This plan, presented by Robert A. Campbell, co-ordinator for the state Division of Traffic Safety, was unanimously endorsed by the Illinois Association of Chiefs of Police at their annual conference last week in Springfield.

The number of drivers who were exceeding safe speed limits at the moment they became involved in motor vehicle crashes on Illinois highways increased 120 per cent—from 591 to 1,309—during the first nine months of 1955, as compared with the preceding year. Eighty-eight of the crashes were fatal.

This showing is outlined in an analysis of 19,172 motor vehicle accidents released by the state Division of Highways.

Of the 34,997 drivers involved in these accidents, ten per cent were teen-agers. Eighty-seven accidents of these teen-agers caused deaths. There were 528 drivers who had been drinking prior to crashes—39 of these crashes were fatal.

For the three-quarter period of 1955, all accidents totaled 97,615, up ten per cent from the preceding year. There was a corresponding ten per cent increase in vehicular miles traveled.

Will Explain Egg Law

A representative of the State Department of Agriculture will explain the egg law to egg dealers and other persons at a meeting to be held at the Farm Bureau office in Grayslake at 7:30 p. m. next Thursday, Jan. 26.

Good Health to You!

The vast economic progress that has taken place in this country in late years has been accomplished by comparable and perhaps even more spectacular progress in another vitally important field—the public health.

A Newsweek article sums it up in this fashion: "Thousands of American citizens who would hardly have had a prayer of surviving a mere ten years ago are alive and well today."

"That simple fact tells the wondrous story of how medical progress has helped shape a new America since the second world war. During four wartime years, American medicine advanced 25 years. More startling still, in the postwar decade of great prosperity, medical research has brought about the greatest progress in health ever compressed into such a span of time."

"The result is that most of the onetime killers have been robbed of their terror. Any hour, any day, a new solution may be found for a problem that has baffled centuries of scientists. It is literally true, as a famous medical man said . . . that 'the longer you live, the better your chance to live longer.'"

The American people owe a debt of gratitude to the doctors and other scientists who have been responsible for this magnificent achievement—and who are now working against the killers which have not yet been conquered. And the American people should not forget that it all has been done under a system of free medicine and free research—not a system of socialism or government domination.

Headache Remedy Due

John D. Morris of the New York Times reports: "Congress appears likely to prescribe remedies for some of the taxpayer's most annoying headaches next year by overhauling the long-neglected excise-tax system."

Mr. Morris describes a few of the absurdities that are now part of the excise-tax set-up. One example is a bowling ball bag—which is taxable as luggage at 10 per cent if space is provided for carrying bowling shoes, but isn't taxed otherwise. To take

another, after shave lotions are taxable as toilet articles—while before-shave lotions and oils are tax-free unless recommended for after-shave use. To take a third, an automobile windshield is taxable if the installer buys it ready-made—but it's tax-free if he cuts the glass in his own shop.

As revenue producers, the excise taxes don't amount to much. But they can be a significant item to the consumer who needs the many items in daily use which are subject to the tax. They undoubtedly discourage consumption—at the expense of production and employment in the affected enterprises. They are a real and expensive burden on the nation's retailers, who must try to cope with endless red-tape, and conflicting rulings and opinions. That expense, like all others, must ultimately be paid for by the buying public.

Finally, most of these taxes were emergency war measures, just as were transportation discouraging taxes. It was generally believed that they would disappear when the war was ended. The overhauling which Mr. Morris forecasts is certainly due.

* * *

"16 Tons"

One of the current songs is entitled "Sixteen Tons"—a lament depicting the hard lot of the coal miners. It makes a good song but it's to be hoped that no one gains the impression it describes today's conditions in the mines. Changes in coal mining have been revolutionary with power taking the place of muscle.

The coal miner is one of the highest paid industrial workers in the nation. Modern machinery to accomplish almost every task connected with the production of coal is rapidly making hand labor a thing of the past. The miner is becoming a highly skilled machine operator. Just in the last few years progress has been phenomenally rapid, with production per man-day increasing from 6½ tons to approximately 10 tons.

Mechanization, in addition to easing the lot of the miner, has also been of prime importance in the industry's efforts to meet the competition of other fuels, and provide abundant high-grade coal, tailored to fit the needs of every class of consumer from large industrial boiler to small home furnace.

Yes, the old coal industry depicted in "Sixteen Tons" is long gone in America. All forecasts indicate that the energy demands of our nation will grow at an increasing rate for as far as we now can see into future years. All forms of energy, whether they be oil, coal, gas or atomic, will be called upon to carry a heavy burden. Coal is a basic fuel, and it must be maintained as an efficient productive industry able to meet the demand which rapidly increasing energy requirements will place upon it.

LAKE VILLA

Rev. Kenneth M. Plummer of the Community Methodist church will be in the pulpit for the next two Sundays before assuming his duties at Cornell College in Mount Vernon, Iowa.

The finance commission of the Community church will meet at the church on Thursday, Jan. 19, at 8 p. m. This is an extremely important meeting because of changes in the church.

Cedar Lake Camp Royal Neighbors will hold installation of officers at the Village hall on Tuesday evening, Jan. 31 at an open meeting. A number of the Lake Villa members are planning to attend the installation at Antioch on Jan. 24.

Michael, young son of Mr. and Mrs. William Effinger, fell while playing at his home on Cedar Avenue one day last week and cut his head, which required stitches. He is improving.

Mr. and Mrs. George Mitchell of Evanston and Mr. and Mrs. James Holcomb, nee Sue Weber, of Chicago, were week end guests of Mr. and Mrs. M. J. Connell at Sand Lake.

The Pinochle club met Tuesday evening this week with Mrs. Doris Britton at her home for the usual

pot luck supper followed by cards during the evening. They usually meet during the afternoon but Mrs. Britton is employed, so consequently had an evening meeting.

Mr. and Mrs. Aldo Amistani have moved into their new home recently completed on Villa avenue.

The Lake Villa Woman's club held a special meeting on Wednesday evening, Jan. 11, with the president, Mrs. Virginia Belke at her home to appoint a new treasurer in place of Mrs. Estelle Thompson, and Mrs. Ruth Bocox is the new treasurer.

Carl Barth of Minonk, Ill., visited his son, Gene Barth and wife over the week end.

Mr. and Mrs. Howard Martin and Mrs. Eva Wolf of Sand Lake are enjoying a Florida vacation.

Cost Figures, Budget on Swimming Pool Project

Below are set forth the estimated cost of construction of the new Aqua-center swimming pool for Antioch and the proposed budget. The budget figures are thought to be very conservative, and it is believed that the pool will produce more revenue than indicated on the chart below. These figures were compiled by the committee after a thorough study of income and expenses on pools in the area of like size and in communities of about the same number of prospective users. The estimated income from admissions from the pool is estimated at \$13,600; the estimated expenses are only \$9,900, leaving a balance for retirement of bonds of \$3,700 annually.

COST OF THE AQUA-CENTER—

While exact cost of the Aqua-Center can not be established until contractors' bids are received, an intensive study and consultation with contractors indicates that the pool installation can be built as pictured on this brochure for approximately \$70,000.00. A breakdown of this figure into components follows:

THE POOL (includes filtration equipment, and all parts of the pool)	\$38,275.00
BATHHOUSE (includes complete building, dressing rooms, etc.)	\$18,725.00
WADING POOL (complete)	\$3,000.00
MISCELLANEOUS (Includes access walks, pool cleaning equipment, baskets, etc.)	\$5,590.00
CONTINGENT FUND	\$4,410.00
TOTAL	\$70,000.00

PROPOSED BUDGET—

RECEIPTS	DISBURSEMENTS
Season Tickets	Bond Interest \$2,800.00
Family, including children under 18 years:	Salaries and pay roll tax 5,100.00
400 at \$15.00 \$6,000.00	Water 500.00
Daily Admission Tickets 3,000.00	Insurance 200.00
Single (under 12) 250 at \$6.00 1,500.00	Light and power 350.00
Single (over 12) 100 at \$10.00 1,000.00	Chemicals 500.00
Concession and miscellaneous 1,500.00	Repairs and maintenance 200.00
Swim Lessons, 200 courses at \$3.00 600.00	Supplies 150.00
	Office expenses 100.00
Total estimated receipts \$13,600.00	Total estimated expense 9,900.00
	Bond Retirement 3,700.00
	Total estimated disbursements \$13,600.00

Smartest Buy in the fine-car field

You've probably noticed that more and more people seem to be stepping into the upper circle of fine cars.

And there can be no doubt that "good times" have a lot to do with this.

But all by itself, it doesn't explain the sudden spurt in sales of the finest of Buicks—the 1956 ROADMASTER.

For it has always been our experience that folks with the wherewithal to buy any car they choose are apt to be the choicest of all.

So it seems quite clear that the marked and increasing preference for ROADMASTER is in the fineness of the car itself.

We can tell you why very simply.

ROADMASTER starts off with all the virtues that have vaulted the full line of Buicks to soaring popular favor—then caps that acclaim with a worthiness all its own.

You sense this especial eminence at once—in the individualized styling of this gracefully proportioned car.

You recognize it again—in the quiet elegance of its custom appointments—and in the good taste of its luxurious fabrics and color harmonies.

But you know it for sure in the lift and thrill and spirit of ROADMASTER performance.

For here is the obedient might of the highest-powered V8 engine in Buick history—coupled to the flash-fast response and absolute smoothness of an advanced new Variable Pitch Dynaflo—most modern transmission in motoring today.

And here is Buick comfort, Buick handling ease, Buick roadability, and the great Buick ride—each brought to its peak in this Buick of Buicks.

In all truth, no man who puts true merit above mere symbol could ask for more than is his in ROADMASTER.

If that applies to you, we'll be happy to arrange an introduction. Will you phone us—or come in—for a demonstration soon?

SOCIETY EVENTS

Kathleen Coyne Bride Of Charles Horton in Service at Chicago

Miss Kathleen Coyne, daughter of Mr. and Mrs. John Coyne of Lake Villa, and A/c Charles Horton, son of Mr. and Mrs. Louis Horton of Antioch were united in marriage Saturday, Jan. 14, at St. Matthew's church in Chicago.

Miss Kathleen Coyne

The bride chose for her wedding gown a floor length gown of chantilly lace and tulle over white satin with long sleeves and an illusion neckline. Her fingertip veil was held in place by a rhinestone crown. Her attendants, Eileen Wynne, maid of honor, wore a ballerina length gown of aqua metallic satin and bridesmaid, Karen Horton, sister of the groom, wore a ballerina length gown of metallic satin in pink. Both carried bouquets of yellow pom-pom mums, roses and hyacinths.

Best man was Ronald Starman and Howard Coyne, brother of the bride served as usher.

The Rev. Fr. J. J. Farrell conducted the ceremony.

A reception was held at the Community hall in Melrose Park following the service.

Mr. and Mrs. Horton are graduates of the Antioch High school and Mr. Horton is now stationed at Donaldson Air Force Base at Greenville, South Carolina, where they expect to make their home.

Promotions Made in Local Fire Department

Promotions in the organization of the Antioch Fire department were announced this week.

Clarence Shultis was advanced from asst. chief to deputy chief and Charles (Todd) Maplethorpe was made assistant chief.

Chief Engineer Laurel Van Patten appointed Earle Pape and Ray Toft as drivers, and James Maplethorpe as assistant chief engineer.

Will Rotate Vestry

St. Ignatius' Episcopal church held its annual parish meeting Sunday afternoon at which time a rotating vestry system was established. Added to the vestry were Arnold Konig, Jack Stieber, and Charles Jorgensen, who will serve three-year terms with George Stebenz. Reports were given by various organizations. The meeting was followed by a potluck supper served by the Ladies' Auxilliary.

Grandson of Edwards' Now in Philippines

Mr. and Mrs. William C. Edwards of Ida Ave. have been informed that their grandson, Gaynor W. Edwards, son of Mr. and Mrs. R. A. and Mrs. Edna Edwards of Chicago, is now stationed at Camp John Hat in the Philippine Islands. He attended a banquet on New Year's Day at Manila at which he had the pleasure of shaking hands with the president and first lady of the Philippines.

Arleen Rudolph Will Compete for Illinois "Homemaker" Honors

The Betty Crocker Homemaker of Tomorrow in Antioch Township High School is Arleen Rudolph, daughter of Mr. and Mrs. Elmer Rudolph.

She was the only student participating in a written examination which tested the homemaking knowledge and attitudes of senior girls in the graduating class. She will be entered in competition to name this state's candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runner up award in the state. She will receive a golden award pin designed by Trifari and the school has received a "Betty Crocker Good and Easy Cook Book."

The national winner in the search conducted among 256,534 young women in 10,222 of the nation's public, private and parochial high schools will be named April 12 at the American Table banquet in Philadelphia.

Engagement Announced

Mr. and Mrs. Edward Gresens, of Bishop st., announced the engagement of their daughter, Valerie June, to Ronald Starman, son of Mr. and Mrs. Joseph Starman of Antioch, at a dinner party at the Gresens home Saturday evening. No wedding date has been set.

Mr. Starman is serving in the United States Air Force, and stationed at Greenville, S. C.

Mrs. Pitman High Scorer
Mrs. Earl C. Pitman of Antioch who spends her winters in Florida, was one of the four high scorers in a recent master point duplicate bridge tournament conducted by the Palm Beach Bridge League at the Hotel George Washington in that city. There were 17 tables.

Receives Homemaker Citation Medal

Arleen Rudolph of Antioch Township High School is shown receiving the Betty Crocker Homemaker of Tomorrow medal from her teacher in home economics, Mrs. Veva Buchholz while Principal A. L. Dittman looks on.

Woman's Club Will Promote Sale of Aqua-Center Bonds

The Antioch Woman's Club met Monday afternoon at the Scout Home where Ted Larson and Dr. James Kopriya spoke on the swimming pool project sponsored by the Lions Club. Mrs. Myrus Nelson and Mrs. Dudley Kennedy were named to represent the club women in promoting the sale of bonds which will finance the pool.

Financial aid for the purchase of camp equipment was asked from the Girl Scouts which the club sponsors.

Mrs. Bette Meyer talked on interior decorating and showed colored slides on "Creating a Home." She gave the basic rules of home decoration, furnishings, color and floor coverings. She said that the decorator should analyze the needs and tastes of the family.

The monthly party for Downey Hospital patients was given Tuesday evening with Mrs. Einar Petersen in charge with Mrs. Donald Francisco, Jr., Mrs. Samuel Bailey and Mrs. A. H. Kaufmann assisting. Mrs. Grace Timmersman provided music on the solovox.

Before Mrs. Clarence Spiering, club president, left for Florida, this week, she asked that members be notified of the following meetings: The 10th District Illinois Federation of Women's Clubs mid-winter meeting at the Woman's Club of Wilmette at 930 Greenleaf Ave., Wilmette, beginning at 10:30 a. m. on Wednesday, Jan. 25. She especially urges members to attend these: Reciprocity Day of the North Shore Woman's Club at the Edgewater Beach Hotel, 1:45 p. m., Thursday, Jan. 27; Reciprocity Day of the Ravenswood League at the Wilson Ave. YMCA at 12:30 p. m. Friday, Feb. 3 and Reciprocity Day of the Ravenswood Woman's Club at the Ravenswood Masonic Temple, 4605 N. Paulina, Chicago at 12:30 p. m. Monday, Feb. 6.

Grand Opening a Success

The grand opening Saturday of the B and M Pizzeria restaurant was a complete success, the proprietors, Bill and Mary Huebner announced. Prizes were given and the owners served free of charge 200 6-inch pizzas. A number of beautiful floral pieces were sent to the restaurant from friends which gave the place an added festive appearance. The restaurant is doing a good business. Situated on Rte. 173 the B and M was formerly the Palms.

Robert E. Gaston is home this week recovering from a nose operation.

Polzes Will Celebrate 50th Anniversary at Open House Sunday

Mr. and Mrs. John Polze of Salem, Wis., will celebrate their golden wedding anniversary with open house from 2 to 4 p. m. Sunday at the home of their daughter, Mrs. Leslie Palmer on West North ave.

Mr. and Mrs. Polze engaged in farming for many years in the vicinity of Antioch and Trevor, Wis. They have three other children, Charles Polze of Burlington, Ernest Polze of Salem, and Mrs. Eugene Arnold of Salem. Mr. and Mrs. Polze make their home with their daughter, Mrs. Arnold.

Married for 50 Years

Mr. and Mrs. John Polze, Salem

Parents of Son

Mr. and Mrs. Kennedy Heuer of Antioch are the parents of a baby boy, "Jerry Lee," born Dec. 28 on the couple's fourth wedding anniversary. December 28 is also the birthday of the baby's grandmother, Mrs. George Heuer.

Mrs. Errol Clark and baby daughter, Janet, returned to their home at Galesburg after a seven week visit with her parents, Mr. and Mrs. Elmer Hunter.

Tuttle Mink took all three games from Pasadena.

Thomas Stanton Dies
At Pregoner Resort,
Funeral Held Tuesday

Thomas Stanton, 61, an employee of Pregoner's Grass Lake resort collapsed and died Friday evening in the dining room of the resort.

The Antioch Rescue squad was called, but Mr. Stanton was dead when it arrived.

Mr. Stanton had been sitting at a table with his employer, Louis Pregoner when the heart attack came. Two Waukegan firemen, Lt. Louis Mullner and Robert True, off duty at the time, administered artificial respiration until the rescue squad arrived.

The body was taken to the Peter M. Justen Funeral home at McHenry.

Mr. Stanton was an electrician, formerly holding a job as a subway electrician for the City of Chicago.

He leaves his mother, Mrs. Mary Ellen Stanton, four sisters, Mrs. Mary Powers, Mrs. Laura Jorgenson, and the Misses Nellie and Emily Stanton, all of Long Lake, where he resided, and a brother, James of Neuman, Ill.

The funeral service was held at 10 a. m. Tuesday from St. Bede's church with interment in the church cemetery.

Katherine Blanke, 76,
Dies at Oconomowoc,
Funeral Here Monday

Mrs. Katherine Blanke, 76, of Oconomowoc, Wis., died Thursday, Jan. 12 at the Oconomowoc hospital.

She had lived at Twin Lakes and on a farm in Salem township for many years. She moved to Chetek, Wis., in 1918 and then to West Bend, Wis., in 1922. She had resided in Oconomowoc since August, last year.

Surviving are two brothers, John and Herman King, both of Waukegan and Herman King, both of Waukegan; husband, Edward A. Blanke, in 1941 and one daughter, Mrs. Mabel Kinrade in 1935.

The funeral service was held Monday at Strang's Funeral home and interment was in Liberty cemetery.

DEEP LAKE NEWS

The Ladies' Auxiliary will meet Friday, Jan. 20, at the home of Lee Stollenwerk. A card party planned for Feb. 16 at the Saddle Inn, is next on the docket.

Mrs. Elsie Hanson from Ikaas is a guest of Mr. and Mrs. Art Sletten. She will spend a couple of weeks with them.

Conduct Campaign for Condell Hospital Fund

Leaders of the campaign to raise \$92,000 to pay cost of improvements and an addition to Condell Memorial hospital at Libertyville are:

Seated, left to right: Mrs. Robert McMichael, Long Lake; Mrs. Francis E. Burke, of Antioch, chairman of entire northern area of Lake county; Dr. M. D. Penney, vice-chairman of the Condell Hospital campaign.

Standing, left to right: Mrs. Lester Hribar of Indian Point; Mrs. William Effinger, Lake Villa; Louis I. Behm, Grayslake, chairman of the Area division of the campaign; Mrs. Bud Holway of Lake Villa.

Illinois Taxes to Pay
\$4½ Billion of Federal
Assessment Next Year

Taxpayers of Illinois will be called upon to pay \$4,577,600,000 as their share of the \$65,865,000,000 which President Eisenhower's budget message estimated will be spent by the Federal government in the new fiscal year (1957) beginning next July 1, the Taxpayers' Federation of Illinois estimated today.

Illinois taxpayers provide 6.95 per cent of the total, based on computations using a Tax Foundation Formula for determining the ultimate distribution of the Federal tax burden.

Due primarily to the substantial increase in Federal revenues, reflecting high levels of business activity, the prospects for a balanced budget, both in the current (1956) fiscal year and in fiscal 1957, appear more favorable than for many years, the Taxpayers' Federation reports. Net budget receipts for fiscal 1957 are now estimated at \$66,300,000,000, and the new estimate of receipts for the current (1956) fiscal year is \$64,500,000,000, far above the \$60 billion originally estimated last January.

The trend of Federal spending has been down, from the 1953 peacetime high of \$74.3 billion to an estimated \$64,270,000,000 for the current fiscal year ending July 1. However, the estimate of almost 66 billion of spending for next fiscal year interrupts that trend, and doesn't take into account other spending proposals now being widely discussed. "The promise of a balanced budget tends to obscure the interruption in the downward trend of expenditures," the taxpayer group says. "Federal spending must continue to be cut back if there is to be avoidance of deficits in the future, reduction of the public debt (estimated at \$273,800,000,000 at the end of fiscal 1957), and assurance of relief from an oppressive burden of Federal taxation."

Mickey Babcox Asks
Re-election to Office
Of County Coroner

Robert "Mickey" Babcox of Grayslake, Lake County coroner for the last four years, today officially announced his candidacy for re-election in the April primary.

Babcox, 27, is a former Lake County Sheriff's deputy and a well-known football player.

A native of Waukegan, Babcox was a 1946 graduate of Warren Township High School, Grunee, where he participated in football, basketball, baseball and track. He was later graduated from Worsham College of Mortuary Science in Chicago, after retiring from military service in the Philippine Islands and Okinawa. Babcox also played professional football with the old Waukegan Merchants.

A licensed embalmer and funeral director, Babcox is a member of the Illinois Police Association, Lake County Funeral Directors Association, State and National Coroners Association and many civic and fraternal organizations.

Although the Coroner's office has taken great strides under Babcox' guidance, the coroner said he is still striving for the goal of establishing a county morgue to serve the whole of Lake County.

Innovations in the Coroner's office introduced by Babcox during the last term include the establishment of radio contact with all Fire and Police departments in the county, a closer association between various county police departments and the coroner's office, and the cementing of relations with the medical profession. Babcox also inaugurated the practice of engaging a pathologist trained in the field of criminology and legal medicine. The present coroner's pathologist is Dr. Hugh Wilson of Lake Forest.

Babcox lives with his wife Arden and three children, Michael, 5; Neal, 3; and Leslie, 1½, at Grayslake. He and his wife are members of the Congregational church there.

Energy consumption in the United States today is at a rate equivalent to 18,000 pounds of coal (nine tons) per person, per year. In Europe, by contrast, the rate is only 5,600 pounds per person, per year.

A Government official recently said "no great amount of daring" is needed to predict that the coal industry may "confidently expect gains of 25 to 30 million tons a year on the average" for the next 10 years.

Most U of I Freshmen
Are From Upper Half
Of High School Class

Urbana-Champaign, Ill. — Nearly half of the freshmen entering the University of Illinois are from the upper quarter of their high school classes, and 70 per cent from the upper half, George P. Tuttle, Director of Admissions and Records, said today.

He presented the figures in pointing out the errors of a charge that only scholastically poorer students go to state institutions.

"Of 3,311 freshmen admitted in September, 1954, to the Urbana campus of the University of Illinois, 44.5 per cent ranked in the highest quarter of their high school classes; 70 per cent ranked in the upper half," Tuttle said.

"True, some students who ranked in the lowest quarter were admitted—but on probation subject to successful class performance. This group totaled only 6 per cent of those admitted. These students had successfully taken in high school all the subjects required by the University for admission.

"There were also," Director Tuttle continued, "many applicants ranking in the lower half of their high school classes who were refused admission because they did not meet all of the University's subject requirements. The belief that the University of Illinois admits students on the basis only of a high school diploma is not correct—subject requirements must also be filled."

Kick-off for....

(continued from page 1)

which includes access walks, pool cleaning equipment, baskets, etc., \$5,500; contingent fund, \$4,410, a total of \$70,000.

Estimated year's receipts are placed at \$13,800, and expense at \$9,900, leaving \$3,700 for retirement of bonds. Bonds for 20 years will be retired in part annually by lot.

These figures are conservative the directors say on the basis of similar pools in other cities.

Plan Originated Year Ago

More than a year has been spent by a committee of Lions Club members studying and planning this project. More than 10 engineers and architects were consulted on the various types of swimming pools. Many miles were traveled in inspecting swimming pools in other cities to get information on best construction and design, and how to avoid certain undesirable features.

Cost of this exploration was borne by the Lions Club which donated \$500 at the start for investigation.

Survey Reveals Desire for Pool

A letter was sent out to residents of the township asking whether a swimming pool was desired or not, and whether persons would be willing to subscribe for bonds. There was a big favorable response and there was indication that \$28,000 worth of bonds would be purchased. With figures on anticipated costs satisfactory and the favorable response from the public as a guide

the Lions Club gave the "go-ahead" signal to the committee. Walton engineer consultants of Evanston were employed to draw up plans and specifications.

Because the Lions Club as a civic organization cannot be tied directly to any financing plan such as this, a corporation known as the Antioch Lions Club Community Service Corporation was formed and incorporated as a non-profit organization.

Corporation Formed to Control

President is George W. Jensen; William Brook is vice president; Howard Gaston, secretary; and Norman Jedele, treasurer. K. F. Deitrick, C. R. Keulman, Dr. J. W. Kopriwa, Edward J. Kugle, Homer LaPlant, Atty. Ted C. Larson, and Dan Lightsey are directors.

William E. Brook is bond canvass chairman, and Dr. J. W. Kopriwa and Atty. Larson are promotion speakers. They addressed the Antioch Grade School P. T. A. and the Antioch Woman's Club, both of which will provide helpers in selling bonds. Eight team captains were chosen from among the club members and they will choose their own

team members in making the canvass.

The Lions Club proved its faith in the project by purchasing \$5,000 worth of bonds at the start.

Pool Not Fancy—Serviceable

"The directors of the corporation are proud of their accomplishment so far. The pool will be better than state requirements. While there was no skimping in plans, neither is there any waste," said Howard Gaston, member of the Swimming Pool committee, and secretary of the corporation.

"The pool will be durable, beautiful and practical. It will attract new residents of the highest calibre; will increase the value of everyone's property, and will stimulate business for the community, as well as being an effective means of curbing juvenile delinquency," Gaston added.

An effort will be made to have the Aqua-Center completed ready for use by June 1. Then Antioch children who have been going to Round Lake to learn to swim, will be able to use their own pool at home.

Regular services at Millburn Congregational church Jan. 22 will include Sunday school at 9:45 and church service at 11 a. m.

The Study Group met Thursday morning at the home of Mrs. Charles Lucas with 13 members present. The next meeting will be held Jan. 26, and the place will be announced later.

The Ladies' Aid will have a sewing bee at the church Thursday, Jan. 19, at 10 o'clock. Everyone is welcome to come. Bring your own sandwich. Coffee will be furnished.

Miss Josie Mann passed away Sunday at the General hospital in Waukegan. Funeral services were held Tuesday at the Peterson Funeral home, Waukegan at 2 p. m.

Mr. and Mrs. Richard Radke (nee Louise Erickson) became the parents of a daughter Thursday, Jan. 12, at Condell Memorial hospital, Libertyville.

Mr. and Mrs. Wm. Paulsen attended the auto show in Chicago Thursday.

Mr. and Mrs. Clifford Weber spent Wednesday evening at the home of Mr. and Mrs. Clifford Weber, Jr., at Winthrop Harbor.

Mr. and Mrs. John Edwards and family of Libertyville spent Sunday evening at the Frank Edwards home.

Mrs. Harley Clark spent Wednesday afternoon with her daughter, Mrs. Walter Fontaine at Loon Lake.

Mr. and Mrs. Harvey Mann of

Waukegan were callers at the John Sanger and Frank Edwards home Wednesday afternoon.

Miss Judy Paulsen entertained about forty of her high school friends at her home to a coke party Saturday evening.

Mrs. Frank Hauser spent Sunday evening at the Elmer Hauser home at Hickory.

Mr. and Mrs. Fred Kick formerly of Millburn are the parents of a son, born January 9.

The Millburn Unit of Home Bureau will meet at the home of Mrs. Don Holum Friday, Jan. 20. The election of officers for the coming year will be held. Mrs. Helen Volk will give the lesson "Pots and Pans for Cooking."

Modern-day homemakers depend on coal every bit as much as their grandmothers did but not directly. Coal generates over 50 per cent of the electricity that runs the clock, the mixer, attic fan, electric blanket, oil burner, refrigerator, waffle iron, TV set and radio-phonograph. In a home with all these, electricity consumption is equivalent to more than 1800 pounds of coal a year. And an electric water heater uses electricity equivalent to 3,400 pounds a year.

Conveyor belts are important in modern coal mine operations, as at the Robena Mine of U. S. Steel Corp., at Greensboro, Pa., where more than 2.5 miles of belting are in use. More than 5,000 feet are used in the cleaning plant and another 9,500 feet used to carry raw coal to the plant, clean coal to the loading tipples and refuse to the disposal area.

Deep Lake

Mrs. Millie Luehr, Correspondent
Eliot 6-4946

Albert Gratton left Saturday for Florida. He will visit with Leona Maley and Ann Christiansen in Vero Beach. He plans to fish with Henning Johnson and visit Mr. and Mrs. Harry Swanson in Miami.

Mrs. Millie Luehr received a letter from Mrs. Evelyn Strohl from Mission Beach, Calif. She receives the paper every week and gets a bang out of the Deep Lake News. She said she'd answer every letter she receives so please write her. Her address is 752 Isthmus Ct., Mission Beach, San Diego 8, Calif.

Friday morning, Jan. 13, Norma Larson had a come as you are party. Guests present were Pat Thamarus, Adeline Christiansen, Lee Stollenwerk, Myrtle Weismantel, Bunny Sanders, Shirley Carlson. Breakfast was served in grand

STRAIGHT FACTS THAT CAN SAVE YOU A \$3000 MISTAKE!

Only the new Clipper Series by PACKARD in the medium-price field can offer you all the important features you are entitled to. Take the Clipper CHALLENGE RIDE and see.

Only new ride—No more jolt and jounce over rough streets! Clipper's Torsion-Level Ride gives totally new smoothness that obsoletes coil and leaf springs!

Electronic shifting—Electronic Push-Button Control of the finest of all automatic transmissions... Ultramatic! Driving is "fingertip easy!" And you have the added security of push-button "Parking."

Most powerful V-8—Up to 275 h.p.! Top power and top driving force... making available a new rear axle ratio that gives overdrive gas savings with an automatic transmission!

All weather traction—Twin-Traction Safety Differential provides the grip where others slip with just one wheel on grippable surface! Keeps you going in mud, snow and ice.

THIS YEAR more than ever look twice before you buy any car! Look first at the big new Clipper, America's finest medium-priced car... built by Packard craftsmen!

Take the Clipper Challenge Ride. Get the feel of Packard-built quality—see the great Clipper value! Prove to yourself that buying any car without Clipper Torsion-Level Ride... all the other Clipper exclusives... could be a costly mistake!

Come in today! Let us show you how our Challenge Trade on your present car makes it easier than ever to own the big, beautiful Clipper!

Guess who said:

"What's so hard
about hanging up
a wash?"

Let an **ELECTRIC** Dryer do the work on washdays—

Electric heat's the cleanest, fastest, dryest heat there is... and electric dryers cost **less!**

As most husbands eventually discover, hanging up an average family laundry (87 lbs. of wet wash) is **WORK**.

But drying heavy, wet wash is quick and easy with an electric dryer. Just load it up, set the controls and your clothes dry **automatically** in minutes.

Your electric dryer is ready day or night, good weather or bad. And controls are so accurate you can dry the most delicate fabrics without a worry.

Electric heat is cleanest. Faster, too, because it's the **dryest** heat. Clothes dry soft and fluffy, sweet and fresh.

You can own an electric dryer for less than \$2 a week! Installation is little in any home with good wiring.

Electric Dryers Cost Less—no outside vent needed. Fully Automatic—no igniting devices necessary.

See your Electric Appliance Dealer

PUBLIC SERVICE COMPANY

"LITTLE BILL" says: "Dry clothes electrically for pennies a day!"

Save important money with new share-the-cost installation plan. If you need new wiring to install an electric dryer, we share the cost with you. Qualified home owners can cut this expense by about half. And you get more than a money saving! The modern wiring that goes with your dryer installation helps improve your TV picture, brightens lights, makes everything electrical work better. And you can install an electric range, water heater or air conditioner (that requires a 240-volt circuit) quickly and cheaply. The Plan is now available on terms of up to 2 years. Your appliance dealer has details.

AN INVITATION... to the man who is driving any car in the medium-price class

How you can own a bigger, more powerful Chrysler Windsor V-8 for the cost of a medium-priced car

Frankly, we believe you will find that the Chrysler Windsor is the only real luxury car that sells at a medium price... a car far in advance of its contemporaries and ahead of its time. We would like to put you behind the wheel of this car... because we've found from actual comparative demonstrations that 3 out of 4 open-minded men who drive a Chrysler for the first time prefer it to anything else.

There are many reasons. In the first place, the 1956 Chrysler is the only car in its price class that has been completely restyled this year. It has that "hair-trigger" look for which designers have been striving many years. We call it "PowerStyle."

But there's more to the Chrysler story than styling. There's **power**... more power to pass safely when necessary... more power to drive without effort... more power to stop.

There is not a car on the road today as completely power-operated as the "PowerStyle" Chrysler. Its PowerFlite transmission is controlled by pushbuttons... the

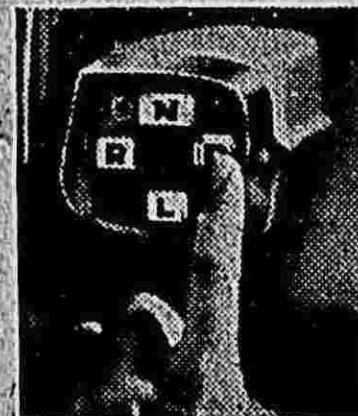

ultimate in automatic, foolproof control. But do Chrysler's competitors have this mechanical trouble-free system? **Not yet!** Chrysler's PowerPilot Steering works **full time**... does 80% of the work, not just in parking, but in long distance driving, in traffic and in rough going. Competitive power steering cuts in and out... does only a fraction of this job.

And what about engines? Chrysler was first to adopt the principles of the airplane-type V-8 engine. Today's engine is a new and bigger version of this engine... 250 hp in the Windsor Spitfire V-8*... 280 hp in the New Yorker FirePower V-8 and now 340 hp in the blazing new Chrysler 300-B.

Then there is the all-important matter of brakes. Chrysler's newly designed PowerSmooth Brakes not only bring you safer, surer, straight-line stops—they outlast the others 2 to 1.

So if you have been driving another make of car in Chrysler's price class... ask yourself this question: Don't I want to know what my money can buy before I spend it? Then make a drive-them-both comparison. We'll leave everything else to your judgment.

*With the addition of the Chrysler Power Train at slight extra cost.

"PowerStyle"
CHRYSLER
the year-ahead car!

Mr. and Mrs. Ronald Firchow of Whitewater spent the week end with their parents, Mr. and Mrs. Earl Firchow.

Recent analysis of West Virginia coal has revealed that 36 different chemicals are present, including sodium, potassium, calcium, aluminum, silicon, iron and titanium, all in concentrations of more than one per cent.

Moving America's annual production of bituminous coal of around 500 million tons is the nation's largest single materials handling job and it takes belt conveyors, power shovels, draglines, railroad cars, crucks and barges to do the job.

LOOKING FOR.....

Looking for a home designed for real family living? Here is a home ready for immediate occupancy, built by a local contractor which incorporates every convenience you have ever dreamed of. The children will love it too, because there is plenty of room in the house and you have ½ acre of play area. This 3 bedroom, full basement, brick veneered home with plenty of extras can be yours today for only \$17,500.

Located on Tiffany

Farm Price for Milk \$3.69 During December

Chicago—The farm price for milk delivered to the Chicago market during December is \$3.69 a hundred-weight. This is the price paid to dairy farmers for Grade A milk testing 3.5 per cent butterfat delivered to the 70 mile zone.

The farm price averages about eight cents per quart. The milk that is sold for bottling purposes brings a price slightly higher than the farm price. Milk dealers paid around 8½ cents per quart.

The milk prices were announced Friday by the Federal Milk Market Administrator's office in Chicago. The December prices are 18 cents lower than the October prices but 15 cents higher than December 1954.

Harry Edwards, head of the marketing department for Pure Milk Association said that the farm price is reflecting the annual increase in production.

Nancy Warren Wall-paper Now on Display At Art's Paint Store

Whole rooms can seem to be bamboo-slatted—with 1955 wall paper. For polka-dot fish that fly in formation with their striped and plain-colored brethren; for Parisian scenes drawn with child-like guile; for many other beautiful new designs—see the 1955 Nancy Warren Wallpaper collection now on display at Art's Paint Store.

Designers were never more versatile than in the colors and patterns presented for the new season. Metallic dabs, the hand-painted look, neat geometrics, white tracery on muted shades and earth tones—all are liberally represented in the newest collections.

Geometry, which seems to be a great influence on artists these days, does magic things with squares and rectangles to give dimension, or texture, or color interest. In many patterns, metallic glitter in gilt or silver is added for good measure.

If you like your plants to behave in orderly fashion, don't miss the paper that seems at first look to come straight from the pages of a botany book. But with a difference! Even natural plant life never grew in these beautiful water-color shades, or in such freely-drawn yet regularly spaced forms.

Created by designers who are experts of the whole field of home furnishings, all these wallpapers conform to the requirement that they first attract the eye, then recede to their proper place as background to show off your rooms to best advantage.

All the new papers are to be found in the Nancy Warren Wallpaper decorating centers, and are keyed to a color selector so you can find all the patterns in the background color you desire without leafing through hundreds of samples.

The decorating center also provides comfort and seclusion where you can park your packages, and without interruption, make your selections of wallpapers as well as paper-matching fabrics.

The Greatest Boat Show on Earth!

See the world's largest display of new boats and boating equipment!

Here's the thrill of a lifetime for every boat lover! Your big opportunity to window shop the very newest ideas in the boating industry at the largest boating shopping center in the world—the Chicago National Boat Show!
